

VIOLIN CASE STRAPS

assembly instructions

1. Shoulder Style

pic 1

pic 2

pic 3

1.) For carrying your case shoulder style you need the shorter straps and two small adjustment buckles [pic1]. Loop the belt strap through the buckle [pic2] and then put it through the eyelet [pic3], attachment point [A1].

pic 4

pic 5

pic 6

Loop the end of the belt strap through the buckle again [pic4+pic5]. Pull the straps tight and repeat the previous steps on the other side again [A2]. The case is ready to be carried as shoulder style [pic6]. Adjust the length of the straps if necessary to your individual needs.

the attachment points

2. Backpack Style

pic 12

Now loop both sides of the straps again through the buckle and pull tight [pic10]. Continue with attachment point [C]. Put small buckle on the end of the straps as seen on [pic2] and then put it through the eyelet [pic11].

pic 13

Finally loop the end of the strap through the buckle again and pull tight [pic13+pic14]. Repeat the previous steps on attachment point [A2] with the second strap. The case is now ready to be carried as backpack style [pic14]. Adjust the length of the straps if necessary to your individual needs.
